

ETA ENGINEERING PVT.LTD

Health, Safety And Environment Policy

ETA Engineering Pvt Ltd. (EEPL) believes that effective Health, Safety and Environmental (HSE) Management is an integral part of our business and is essential to our long Term success. EEPL strives to achieve this by:

- Providing strong and visible leadership and commitment in HSE matters;
- Complying with the regulations set forth by Government of India, Government of State and other Local Government Agencies in matters related to Health Safety and Environment;
- Promoting and maximizing HSE awareness by implementing a HSE Management system, in compliance with OHSAS 18001: 2007 specifications;
- Identifying Health & Safety risks to people and assets arising from our operations by either eliminating them or managing them to levels that are as low as reasonably practicable;
- Monitoring HSE performances of individuals to determine compliance with our HSE Management system and keeping records to that effect to achieve continual improvement;
- Recording areas of non-compliance and addressing them through corrective actions and employee training;
- Investigating and reporting all HSE related incidents

Likewise we will identify our environmental interactions and will use processes, practices, materials or products that will avoid, reduce or control pollution in line with present legal and other obligations as far as reasonably practicable.

EEPL Managers, Engineers and Supervisors shall ensure that the employees, subcontractors and visitors are made aware of our HSE Management system and Comply with our HSE Policy in to-to.

K. Afzal Hussain
